

CREATION OF IBM CLOUD SERVICES

Team ID	PNT2022TMID33002
Project Name	Project-Smart Waste Management System for Metropolitan Cities

SCREENSHOT OF CLOUD ACCOUNT CREATION:

The screenshot displays the IBM Cloud console interface. At the top, the navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Monalisa G.K's Account). The main content area shows the 'Internet of Things Platform-b0' resource, which is active. A sidebar on the left lists 'Manage', 'Plan', and 'Connections'. The main content area features a large graphic of a central square with four circular nodes connected by lines, representing the IoT platform. Below this, a section titled 'Let's get started with IBM Watson IoT Platform' provides a brief description and links to 'Launch' and 'Docs'. Further down, a 'Ready for the next level?' section introduces the 'IBM Watson IoT Platform Journey' with three stages: 'Lite', 'Non-Production', and 'Production'. Each stage has a description and a list of features.

Ready for the next level?

IBM Watson IoT Platform Journey

- Lite**
The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.
 - Free
- Non-Production**
The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.
 - Starts at \$500 per month
- Production**
The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.
 - Includes IBM Service & Support
